HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emery, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctor after doctor, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years old, but feel as good as I did when only 16. Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for over 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

The Greatest Kidney Remedy on Earth," Says a Grateful Woman

I want to tell you how much good your Swamp-Root did me. About four years ago, I suffered from what the doctors called fistula, and for two years at that time, I endured what no tongue can tell. I also had inflammation of the bladder and I tried doctors medicine without receiving any help. Someone told me about Dr. Kilmer's Swamp-Root.

After giving it a thorough trial, I received relief, so keep on using it and today I am a strong and well woman. I never feel badly or out of sorts. I take Swamp-Root and it always straightens me out. I honestly believe that this medicine would cure all troubles you recommend it for and it is a pleasure for me to send my testimony in photograph to you. I think Dr. Kilmer's Swamp-Root is one of the greatest medicines in our cars.

Respect yours,

HIGHWATER "GETS" DR. BOHON

Sage of Kidd's Store Forced To Retreat—West End News

Hustonsville, Ky., May 11.—His many friends have often asserted that there's nothing this side of hell or highwater that could scare Dr. Tom Bohon, sage of Kidd's store, but the latter got in his work last week and made the doughty Doctor hoist the white flag. The heavy rains of several days had greatly swollen the waters of Carpenters and Frye's creeks, and the flood tide came about two or three o'clock one morning, and had Dr. Bohon's domicile engulfed. The family insisted that it would be necessary to move out earlier, when they saw that the house was going to be inundated, but Dr. Bohon insisted that he knew these creeks better than the oldest inhabitant and stuck out gamely to the last, until his folks laughingly threatened to carry him out. Then he and Mrs. Bohon and their son, Hudson left for higher ground.

International Harvester Oil and Gas Engines

SUCCESSFUL farmers are no longer asking, "Shall I buy an engine?" They have passed that point and now inquire, "Which engine shall I buy?" A little careful observation will show that International Harvester engines are the most satisfactory. No doubt is left when features like the following are studied: Detachable valve guides, offset cylinder head, fuel pump, split-hub fly-wheels, extra large intake and exhaust valves, etc.

Ask the men who have used I H C engines. That is the best test. They will explain the excellence of I H C construction, simplicity, strength and durability. Study the engines yourself at the nearest dealer's where International Harvester engines are sold. They are made in all styles, and range in size from 1 to 50-hp. They operate on low and high grade fuels.

Write for our interesting and instructive catalogues, and when we send them we will tell you where the engines may be seen. A postal will do.
